Throughout history men and women have looked to the stars for guidance, comfort and inspiration. Far removed from the trials of life, the stars remain constant companions. And while a single star can be lost in the sky, together they form beautiful constellations.

★ *The loving family that is the Cancer Association of Spartanburg and Cherokee Counties is a diverse group of caring individuals. Our mission is to provide quality of life services to those in our community who face the uncertainties of cancer.*

Giving Light

OUR PRESIDENT

Dear Friends of the CASCC,

As a member of the FUNraisers committee, which organized the first Dancing with the Spartanburg Stars event, I had an opportunity to learn more about the Cancer Association and all that it does to help our cancer-fighting community. In 2007 I was flattered to be invited to join the board of one of the finest, most dedicated and hard-working non-profit organizations in Spartanburg. My flattery became humility as I learned more about the dedication and determination of our donors, staff and board members.

Often times it is easy for staff and board members to get caught up in the day-to-day challenges of the Cancer Association. However, a visit to the office on any given day quickly puts things in perspective and I realize what a huge impact we have on the lives of our clients. On a recent visit I witnessed the smile on a woman's face as she selected a wig and experienced feeling "attractive" again. I met a young man who was bald from treatment, but was excitedly optimistic about his acceptance to USC-Upstate. These are just two examples on a specific day, and they encourage me to work harder to do more for the organization.

I want to thank each of you for your donations of time and money. I also want to encourage you to visit our office so you, too, can appreciate the extent to which your support is improving the lives of our clients. It will also help you realize how much more needs to be done. Together we are making a difference, and together we can do more.

With Sincerest Appreciation,

David M. Graham

Giving Hope

OUR EXECUTIVE DIRECTOR

A Star is a celestial body that appears as a fixed point of light.

Hope is the emotional state which promotes the belief in a positive outcome.

A Constellation is a group of stars within apparent proximity, forming patterns.

Dear Friends,

When I was a child, I loved being outside on warm summer evenings. My brothers and I loved gazing at the stars. I remember the feelings of wonder, comfort and promise those stars brought. Wonder that there could be so many and that their light could reach me from so far away; comfort that they would always be there; and the promise that life was filled with endless possibilities.

Today, hearing hope return to the voices of those we serve, I am reminded of that time. I feel each client's wonder when they learn all the ways we can help them, I see how comforted they are, knowing that they aren't alone and I rejoice in the promise that hope springs eternal. For each client who comes through our door is on a journey of hope, made possible by you, our stars, who give so graciously of your time and money.

There are stars who generously volunteer and stars who graciously donate. There are stars who loyally serve on our Board, offering guidance and encouraging others to join us. And the stars who comprise our wonderful staff, coordinating our efforts and shining so brightly each day as they lovingly serve our clients. Together we form a constellation of hope.

When I look at you, my fellow stars, I am amazed by the opportunities we've received and the goals we've accomplished. We have formed a shining beacon of hope for all those we serve. Thank you for shining so brightly and fulfilling that promise that life is, in fact, filled with endless possibilities.

Thank you ,

Glaydeane S. Lee

“My oncologist sent me to the Cancer Association, and I’m so glad he did.

It is such a boost to go in there and get the things I need. People have to

take care of each other; people need to have sympathy. I give what I can

because I know how hard they work and I know how much good it does

for cancer patients. The Cancer Association is such a blessing; I will never

forget what they do for me. When I win the lottery, I’m giving half to them

because I know how much they help!”

survivor & donor

“As a Breast Health Coordinator, I refer patients to the Cancer Association and the feedback I get is always positive. The patients can’t believe how graciously they are taken care of. As a cancer survivor, I know that I could not have done it without the support of my family and friends. The Cancer Association is that family of support for their clients and their clients’ families. There is so much need out there. I give to the Cancer Association because I know my money will stay here and help people in my community, my patients. And I know that care will be given in a family environment, which is so important.”

Dancing with the Spartanburg Stars

SPONSORED BY CANNON ROOFING

★ *There is joy and healing in coming together for a cause. Knowing that the gift of our time, energy and dollars will help our community in monumental ways, is empowering. Time has taught us that the more we give the more light we share, until the brilliance of our hearts outshines all else.*

Such was the case when Chris Cannon of Cannon Roofing presented 2011's Dancing with the Spartanburg Stars event in honor of his mother, Jeanne Lytle Cannon. The event was held on April 8th at Spartanburg Memorial Auditorium. On that beautiful night, six hundred-fifty stars came together to shine light and love on our cause.

Nine professional dancers were partnered with nine wonderful community volunteers to compete and raise money in a ballroom dancing competition. After months of hard work learning and practicing choreography, hearts and feet were light as each couple floated across the dance floor, doing their very best to entertain and inspire. The entire audience was invited to cast a vote for the winning duo. In the end *Betty Montgomery & Glenn Gordy* were awarded first place and *Dorothy Josey & Gordy Owens* were first runners up. But our clients, the cancer patients in our community, were the true winners, as together we raised a brilliant **\$348,877**. That the challenges of this disease could inspire such a beautiful evening is a testament to the power each of us has when we come together to shine the light of love.

Look for the next Dancing with the Spartanburg Stars event, May 2013.
